

THANK YOU

The Lions of Wilmington wish to thank all the fine residents of Wilmington for the excellent support rendered during the Bulb and Broom Drive conducted during the last two Sundays. Many of the Lions walked the streets of Wilmington from 1:00 P.M. to 6:00 P.M. to sell Bulbs and brooms in order to raise funds so that the people of tomorrow may never have any eye problem and also to be of help to many more Wilmington people who will be in need of help during the coming year. If the facts could be made known, it would amaze many individuals of how much help is actually needed in our own town and others; this is not fiction but fact.

The Lions were greatly inspired, because as they knocked on the doors the persons were waiting to buy and there were very few excuses. This type of response made every Lion feel that his work was WORTHWHILE and that he did not give up another Sunday in vain. It was also very important in the sense that the people of Wilmington know very well what the Lions of Wilmington stand for and why they are willing to give up their free time to be of help to those who cannot help themselves.

Due to conditions beyond the control of the Lions, they were not able to cover all of Wilmington on Sunday, October 2, 1960 although the sound truck indicated that they would. Mrs. Pearl Hersom and Mrs. Eleanor McCue drove cars to assist the men but time still ran out. Therefore, if you are interested in buying bulbs or brooms, and we know that there are many, please help to give the Lions that little extra push by calling the following person that lives in your area: Salem Street area - Sam Wilkie, Oliver 8-2330; Silver Lake area - King Lion, Dave Landers, Oliver 8-3039; Burlington Avenue area - Bulb & Broom Drive Chairman, James McCue; Chestnut Street, Butters Row and Hillside Way area - Dave Shepherd, Oliver 8-9650; South Main Street area - Joseph App, Oliver 8-2223; Church Street and Middlesex Avenue area - Tony DeLuca, Oliver 8-8663; Nichols Street area - Alan Fenton, Oliver 8-3913; Roman Way or Fairview Avenue - Bill Richardson, Oliver 8-2495. You may also purchase Bulbs or Brooms from Mel's Service Station and John Lucci's Market.

THRIFT SHOP FINDS HOME

After a long and arduous search for a location in which to conduct a "Thrift Shop" the Ways and Means Committee of the Batchelder School P.T.A. finally attained their goal. Members of the Committee Mrs. Catherine Shannon, Peter Olsen and Peter Klein, met with the Board of Selectmen for the second time Thursday night, concerning their problem. The group had originally hoped to locate their money-making project in the Batchelder School, but school authorities turned thumbs down.

They next attempted to acquire the basement of the Weeks Memorial Library as a location, which led to a joint meeting Thursday evening between the Library Trustees and the Board of Selectmen. Although the Library Trustees were not generally opposed to the idea, it was felt by all concerned that the height of the outside entrance door (about four feet) was disadvantageous, and possibly could lead to injuries and lawsuits. Because of architectural features, it was felt, that correcting the door situation would be difficult and costly. The pros and cons of various locations were discussed by the three groups involved until Selectman Statuti came up with the idea of locating the Thrift Shop in a portion of Flint Memorial Hall. As this seemed to be the most feasible solution to the problem, the meeting of the three groups adjourned and the Selectmen and the Ways and Means Committee went back across the street and up into Flint Memorial Hall. After the details of the plan were worked out by the two groups, the P.T.A. group thanked the Selectmen profusely and left.

Stamps Aid Men With Handicaps

A commemorative postage stamp featuring the slogan "Employ the Handicapped" will be placed on sale at New York City Aug. 28 in cooperation with the President's Committee on Employment of the Physically Handicapped. Issuance of the stamp will coincide with the eighth World Congress of the International Society for the Welfare of Cripples to be held in New York.

Progress made in employment of the physically handicapped has been called "perhaps the greatest advance in the social welfare field since World War II." Industry and the National Association of Manufacturers have taken a leading part in the movement. Two former NAM presidents, Earl Bunting of Washington and Walter Fuller of Philadelphia, currently are serving respectively as vice-chairman of the President's Committee and chairman of the Employers subcommittee of the President's Committee.

At least one young localite will have a great tale to relate for his grandchildren -- about the night he walked hand-in-hand between the rows of seats at the high school gym with Haystack Calhoun.

VOL. 28 NO. 38 OCTOBER 5 1960 PRICE 5 CENTS

NORTH READING: John Hodson, Chairman of the Ipswich River Committee, has issued the following report:

"On September 7, 1960, a meeting was held at Haverhill Street Bridge, North Reading, Mass., those attending were: Mr. Graham (Division of Water Ways) Mr. J. Windslow (Resident Engineer), Mr. G. Maynard (Town Engineer), Mr. Statuti (Selectman), and John Hodson (Chairman of the Ipswich River Committee) on work being done by the State Division of Water Ways in North Reading."

"Mr. Graham was informed and witnessed the silt sand, at Haverhill St. Bridge, flowing down stream. The river has been dredged to grade in September 1958 to September 1960; two (2) years in completing the work, this condition has happened."

"The committee has been informed by Mr. Graff, and Mr. Graham (Division of Water Ways) that on our next proposed continued dredging of the Ipswich River; that the Division of Water Ways will have the contractor remove the silt from the river. This is a common occurrence, which happens on all projects where dredging is done, also regrading of banks. This will be done at NO added expense to the town of North Reading."

"It was also brought to the attention of Mr. Graham, what Mr. Drinkwater, of Melrose, is doing: removal of soil up-stream, destroying the river banking to the depth of river bottom and to a distance of several hundreds of yards; causing silt to flow down stream. This I feel has increased our troubles to a point this fall, winter and spring - where river is high from heavy rains, flash floods, hurricanes, will increase the silt to flow down stream. This will be dangerous, before our next project of continued dredging of the river is completed. The town of North Reading and State has spend thousands of dollars on the project as of to date."

"Town Counsel, John Canino, has already taken this matter up with Mr. McKenny, Division of Water Ways - Mr. Edward McCormack, Attorney General, and is awaiting their decision on this matter." (signed) John L. Hodson.

Commission Agrees With Ryan

The Board of Selectmen have received a letter from Mrs. Margaret Davis, secretary of the Conservation Commission, stating that the Commission is in accordance with the views of Selectman Ryan as to the future value of the North Reading State Sanatorium land to the town. The letter further stated that the Commission would like to see steps taken toward town ownership.

Selectman Ryan, at a recent meeting of the Board had made victory over his two opponents his way into the ring through the throng of admirers. Between 800 and 1000 wrestling fans watched as the amiable young giant battle his way to an easy victory over his two opponents. The presentation offered by the N.R.S.S., and the method members of the Rotary Club last of doing the same, and to report Saturday evening was so well accepted that plans are now being Jan. 1, 1961. The motion was unanimously passed, although Seafair. The committee in charge, lectman Doren remarked that he headed by Bill Stevens and Hal would rather see the property go to private industry so that the Town event will probably take place in November.

All proceeds from these events the Selectmen the committee requested by Selectman Ryan was Scholarship Fund.

LETTERS TO EDITOR

Very often we receive more letters than we have space for. When this occurs, they are printed the following week.

To the Editor:

Why does the North Reading Improvement League want to rid the town of pouring licenses? This is a question which has been asked many times during the past few weeks.

Let me start off by saying that we in the Improvement League have absolutely nothing to gain financially from such a project and the only reason for our efforts is a firm dedication to our beliefs. We believe that the town as a whole and the great majority of its citizens have much to gain, including an improvement in the town's reputation, a more satisfactory social climate for our young people to grow up in, an upgrading of the town as a desirable residential area and consequently an ultimate increase in property values.

We do not deny that a few persons in town will probably suffer some loss of financial investment if this cause is successful; but these individuals made their investment knowing full well the risk involved—namely, that every two years the privilege which they had been granted by the townspeople might be taken away if the townspeople saw fit.

Progress almost always requires loss to a few in order that

the majority may benefit. When the Atlantic Food Mart moved into town it caused some hardships on our smaller grocery store owners; yet, the great majority of us welcomed such progress with open arms knowing that it was the best thing for the town.

We of the League sincerely believe that if North Reading is to grow in stature in the coming years as a high-grade residential area, as was recommended by our planning consultants in their 1959 report, we must improve the character of our town and make it a more desirable place in which to live and invest.

In our opinion, a successful "NO" vote on questions 1 and 2 on the liquor referendum in November is the first logical step in such a program. Such action would result in a significant improvement in the general appearance of our town and would add greatly to its residential atmosphere. We therefore urge all registered voters who are interested in this cause to make your opinions known at the polls on November 8th.

Sincerely yours,

Donald S. Schofield
Improvement League member

Kelley Rooney Nuptials

A 10 a.m. Nuptial Mass performed by Father Manton at St. Thomas Church on Saturday, September 10, united in marriage, Dorothy Kelly, daughter of Mr. and Mrs. Arthur Kelley of 41 Shawheel Ave., and Charles E. Rooney, son of Mr. and Mrs. Charles Rooney Sr., of 407 Chestnut St.

The altar was adorned with white Carnations and Gladioli for the occasion for which Mrs. Estelle Shelley served as organist and Mrs. Joseph Conney of Burlington was soloist.

Given in marriage by her father, the bride was lovely in a gown of white tulle and organza styled with a sweetheart neckline. Her silk veil fell from a pillbox headpiece sprinkled with seed pearls. She carried a bouquet of Baby Mums centered with an orchid.

Mrs. Nancy McCabe, of King St., served her sister as matron-of-honor in a kelly green tulle dress with matching organza overskirt. She wore a feathered headpiece of matching color.

Mrs. Rebecca Brennick of Woburn and Mrs. Maxine Lloyd of Burlington, both close friends of the bride, served as bridesmaids in gowns of similar style and color to that worn by the matron of honor.

Serving as best man was William Rooney of Chestnut St., brother of the groom while ushering duties were in charge of James and Dennis Rooney, brothers of the groom, also of Chestnut St.

Following the ceremony, a reception was held at Tonello's Supper Club in Tewksbury where bouquets of Carnations decorated the bride's table.

The guest book was in charge of Kathleen Kelley of Shawheel Ave., sister of the bride who wore a royal blue tulle dress with matching accessories.

Mrs. Kelley chose for her daughter's wedding a chocolate brown lace dress with pink tulle underskirt and pink accessories.

The mother of the groom was attired in a royal blue silk print with matching accessories.

For traveling, the new Mrs. Rooney chose a beige walking suit with royal blue accessories.

The bride graduated from Wilmington High School with the class of 1956 and is presently employed as a secretary at the Hi Voltage Engineering Corp. in Burlington.

Mr. Rooney also graduated from Wilmington High School with the class of 1956 and is presently employed as a carpenter by Bond Bros. of Everett. He was a member of the Marine Corps from 1956-1959.

Father Manton Speaks at Sodality Breakfast

NORTH READING: The renowned speaker Rev. Joseph Manton C.S.S.R., famous for the mission services he conducts regularly at the Mission Church in Roxbury, addressed 130 women of St. Theresa's Parish at the Annual Blessed Virgin Sodality Breakfast Sunday morning at the Hillview Country Club. Father Manton held the gathering spellbound as he spoke with depth and feeling, interweaving his remarks with utterances which revealed his tremendous sense of humor. The main subject of his talk was the Mission Church, which has been officially made a Basilica, or Pope's Church.

Seated at the head table with Father Manton were Rev. John J. Lane, Pastor of St. Theresa's Church; Rev. John R. Lizio, Curate and Spiritual Advisor of the Sodality; Rev. Dennis F. Twomey, Curate; Mrs. Joyce Tracy, Sodality Prefect; Mrs. Mary Jane DeVincent, Vice-Prefect; Mrs. Louis Claughton, Secretary; Mrs. Mary Starble, Treasurer; and Mrs. Alice Magee, Toastmistress. As Toastmistress Mrs. Magee introduced Fathers Lane, Lizio, and Twomey, all of whom spoke briefly, and presented the Sodality Officers. She also thanked all those who helped to make the breakfast the wonderful success it was.

Following Father Manton's talk, Mrs. Gertrude Mahoney of Andover, and her son Dick, entertained the group with a number of musical selections, accompanied at the piano by Mrs. Edith MacPhee.

Comment from the Capital —

WHO WOULD YOU HAVE AS FIRST LADY?

by Vant Neff

Among the strongest impressions left by the TV presentation of the recent Conventions of the country's two political parties, were the quick but penetrating close-ups of the staff members of the leading political families.

A kaleidoscope of memorable pictures flick by the mental eye — Mrs. Barry Goldwater, frankly crying; Mrs. Lyndon Johnson — Ladybird of Texas, her sad eyes perhaps belying her quick support of her husband's acceptance of second place; Mrs. Eisenhower, never gayer, eternally feminine in her open pleasure at the gift presented to her; Mrs. Eleanor Roosevelt, a fighter to the end — but not Mrs. Jacqueline Kennedy.

There is a "dis-taff side" oh no, for it is she who, whether we liked it or not, made the role of wife of the President of the United States a unique figure, with importance in her own right.

Thus again, whether we like it or not, the whole population, men as well as women, will today take a real interest in the woman who stands at the next President's side. This summer, then, every eye is turned on Pat Nixon, present on the TV screen almost constantly; and many a thought was turned towards Cape Cod where Jackie Kennedy endured the almost unendurable waiting, held there by doctor's orders.

Certainly, American women are willing to admit this real interest. In it is a natural interest, in our country, where it is largely the women who uphold the community and civic duties of the family. It is the women who more frequently have the time for participation and for thoughtful study of special issues, and consequently it is they who very often are responsible for "getting out the vote", i.e., in making sure that the men in their family make time to vote.

Moreover, in the job of the Presidency, perhaps the most difficult, exacting job for which any man was ever chosen, one

cannot underestimate the importance of a stable and fulfilling domestic life, of a rich home life free of petty worries and nagging anxieties. Finally, in the role of hostess to the world, where she must be able to welcome dignitaries as far apart as a Queen of England and a Shah of Persia, to plan an efficiently dinner for 200 as breakfasts for 2 or 3 close advisers, the President's wife must be a poised, gracious and mature chateau, whose sure hand guides a smooth household.

Thus, both in her own right, in her role as a gracious hostess in practicing the art of inspiring and influencing without appearing to do either, in smoothing the daily life of the President, his wife must bear on her shoulders the feminine counterpart of that heaviest job in the world!

In the two women who now pass under this highly critical scrutiny, we find certainly the widest contrasts that could be imagined; and yet, just as certainly, there must be close similarities.

Both Pat Nixon and Jacqueline Kennedy are highly intelligent, attractive, vital women, tremendously anxious to create the stable and fulfilling atmosphere within which their husbands can function most efficiently for the country.

And yet, beneath the surface, these two women are as far apart as the sands of Cape Cod are from the sands of Santa Monica. Jacqueline Bouvier Kennedy, almost continental in her dark good looks and flair for clothes, the wealthy family background, the private school education, and the social training to entertain graciously and to make her distinguished guests feel at home. Her deep intelligence and intellectual interests will help her to understand the problems that confront her husband. Her sensitivity will be called upon to make her feel the problems that she has never herself experienced, the struggle for existence, for a place in the world that the average man and woman faces today, even in the midst of great prosperity.

Pat Nixon, on the other hand, the daughter of a miner turned farmer, has trained herself in fashion, in entertaining, and is, today, considered a "fantastic" housekeeper, and an excellent

hostess. While possibly not an intellectual, her fine intelligence and tremendous appetite for study will be put to good use — as in her world travels with the Vice-President — to enable her to talk knowingly with her international guests.

Again, Pat Nixon, has of course, faced all the problems that confront the average young American. She has worked since her teens; she has stretched funds to fit budgets, she has skimped and "made do"; she has sewn and taken in seams and let out seams. She knows these things at first hand — and it is hoped that she feels them still, "inside!"

Jackie Kennedy is living through a disturbing time in her own life. As a very, very young woman (even in relation to the young political personalities all around her), she is just building her family. Despite her wealth and the service and assistance she will be able to have, she may still not be able to participate in all the activities the President's wife is called upon to engage in.

As an older mother, Pat Nixon, whose children are in their teens, of course, is freed to take full part in the Washington, the National, and indeed, the world-wide scene.

Pat and Jackie — so neatly are the checks and balances arranged on each side that the choice is difficult. Perhaps the problem for American women, at least, may be boiled down to this consideration: If the women of America must "relate" to the President's wife, will they be able to relate to Jackie Kennedy, very young, very sheltered, yet paradoxically flexible, sensitive, with a good sense of humor? Or, will they feel more at home with Pat Nixon who has learned to live through lean years and prosperous ones, deadly serious in her role as Dick's wife, with maturity and poise acquired the "hard way"?

You make the choice, you may well need the help of a woman.

Unions Hit For Losing U. S. Trade

(Christian Economics)

Fifty years ago, workers in the automobile tire industry were receiving about 40 cents an hour. Today the wage is nearly \$3 per hour. Fifty years ago, a small tire cost \$35. Today it costs about \$22.

Fifty years ago, the average life of the tire was 2,000 miles. Today, it is 30,000 miles.

Fifty years ago, an hour's work was required to cover the tire cost of running a car 23 miles. Today, an hour's work will provide tire mileage of 4,050 miles.

Scientific management, technological research and more money invested in better machines is responsible for this enormous gain. Clip the wings of management, squeeze profits to the point where money is not available for research and reward is not adequate to induce savings and such industrial miracles will no longer be possible.

Adequate profits for research, reward to savers and payment for extraordinary managerial capacity is the road to greater abundance for all.

"A danger sign on a highway can't talk, but it isn't as dumb as the guy who doesn't believe it."

"Union leaders must also share the blame for the thousands of jobs lost in other domestic industries due to foreign competition. We're often non-competitive due to outrageous union demands, featherbedding, and the lack of productivity behind wages."

SELECTMEN MEET

NORTH READING: The Board of Selectmen held their regular weekly meeting Thursday evening, with Selectmen Sands, Statuti, Ryan and MacRae present. Selectman Statuti made a motion that Selectman Ryan be appointed acting Secretary for the evening, in the absence of Selectman Boren. The motion was seconded by Selectman MacRae and voted unanimously.

Selectman Ryan made a motion that Sunday dancing permits be issued to the Hillview Country Club for the following weddings: Sunday, Oct. 2, 1960, reception of Helen Rafford; Sunday, Oct. 9, reception of Jean Barroze; Sunday, Oct. 16, reception of Diane Birch; Sunday, Oct. 30, reception of Lillian Guastafarro. The motion was seconded by Selectman Statuti and voted unanimously.

Upon the motion of Selectman Statuti, seconded by Selectman Ryan, the following were appointed to a committee to look into the advisability of utilizing or purchasing the North Reading State Sanatorium: Frank Gonsalves, Mrs. Margaret Davis and Paul Donovan. The motion passed unanimously.

Everett Mitchell of L.E. Moran Co. of Boston appeared before the Board to discuss the office petitions to be erected in Flint Memorial Hall and the office furniture for same.

Met with Joseph Washburn Jr. of Board of Health and Town Counsel John Canino regarding the trailer on Park St., and legal steps to be taken concerning same. Mr. Washburn stated that he had served a notice to abate the health hazard. Met with Frederick Drinkwater of Drinkwater Trust, regarding the

According to a former Assistant Surgeon General of the United States Health Service alcoholism is "our greatest unsolved public health problem." And yet there are so many complex issues and so many emotionalized attitudes involved in any discussion of the subject that it is very difficult for a conscientious individual to come to any kind of rational conclusion. Charges and counter-charges make an honest decision difficult to reach. As in the case of so many social issues in our time one does not have the luxury of choosing between black and white, but he is forced to choose the lighter of shades of grey.

There is no doubt that a vote against liquor by the glass would work a special hardship on those who make their living in this manner. However, it is my impression that a good deal more economic loss is incurred by those who become problem drinkers and are no longer able to provide for themselves.

Also, there is the question of the tremendous amount of suffering that is caused to individuals who lose control of their drinking, to say nothing of the misery caused to their families. These are facts that can never be measured in dollars and cents, but to one who has been faced intimately with such suffering, as I have, it cannot be lightly ignored.

I am convinced that the main thrust of avoiding the dangers of alcoholism lies with education, in home, church and school and not with legislation. It also seems to me that by and large problem drinking is symptomatic and cannot be cured by passing laws. But it also seems that legislation can be wisely used to control the ease with which people, both young and old, who may become addictive drinkers have access to intoxicants.

It seems highly impractical to me to try to out law the use of intoxicants, but it would seem to be a step in the right direction if public drinking could be curbed. Alcoholism is one of America's greatest health problems, with the number of alcoholics increasing, especially among young people. The alcoholic is a sick person and needs to be treated with respect and helped in every possible way to find a cure for his sickness. But it does seem to me that some legislative control of the ingredient that triggers the sickness is needed.

digging in the Central and Park Streets area.

William Pratt, of the American Legion, appeared before the Board to request replacement of four fluorescent light tubes in Legion Hall. The request was granted.

Selectman Sands made a motion that Herbert P. Bertoulin be appointed as a permanent member of the Board of Appeals, to replace Richard Evans; and that Norman Kernan be appointed an alternate member of the same Board. The motion was duly seconded and unanimously passed.

Selectman Statuti moved that the Selectman order the laying out of Peter Road, and that the Selectmen take all necessary procedures to have said street accepted and that an article be placed in the Town Warrant of the next special Town Meeting if one is held, and if not in the Warrant of the Annual Town Meeting in March for the acceptance of said street as there is no money involved in acceptance of said street. The motion was seconded by Selectman Ryan and voted unanimously.

Present at the meeting to observe the workings of Town Government were Miss Elizabeth Ryan and Miss Carol Desrosiers, of the science and civics department respectively, of North Reading High School.

More for Less

Michigan's Rep. August E. Johansen says he expects any day to get a letter from a constituent telling him: "Please vote us \$6 billion a year more. Also please reduce taxes. If you do not do both, we'll get ourselves a new Congressman."

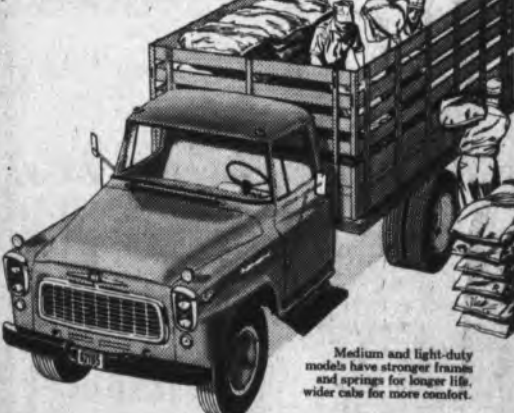

The Representative says no one has put it to him just that way yet, but he does get letters asking for both more federal spending and less taxes.

Unfortunately, not even the U.S. Congress has found a way to provide more federal "aid" without charging more taxes. Which should make it pretty clear that if we want to stop the rise in taxes, it will be necessary to stop the increase in government giveaways and spending.

THANK YOU

Congratulations should go out to Harold Foley and John Fullerton of the Shamrock Drive-In on Wilmington Plaza from all the parents of teenagers in Wilmington. A week ago last Saturday night a Pinehurst youth attempted to buy liquor from the Shamrock but with an alertness which he has shown many times; John Fullerton noticed the deception immediately as the boy's countenance and drivers license did not match. The police were immediately called in and after an arduous chase, the lad was apprehended. We feel that men like those at the Shamrock are doing their best to prevent juveniles from buying alcohol. But in the long run it is up to the parents of these teenagers to help alleviate this disastrous situation.

Again we say a large THANK YOU to the alert men at the Shamrock Drive-In.

Famed illustrator Norman Rockwell combines a self-portrait and a personal endorsement on the importance of voting in the upcoming elections. As Rockwell expresses it: "Here I am on November 8th. As you can see, it is not easy for me to make up my mind. But nothing's going to keep me away from the polls. When I vote, I am exercising not only my greatest responsibility as an American citizen, but my greatest privilege, too. I know that this year in particular I am helping to decide what kind of America we are going to have for the rest of my life . . . and for the generation that will follow me. Believe me, I'm not only going to be in that voting booth this year . . . I'm asking all my friends to be there, too."

The Women Voters of Tewksbury through much hard work and well planned organization have everything set for what promises to be the greatest political awakening to hit the area in its history. This civic minded group are determined to make every voter conscious of the fact that one vote does count and it could be his. Candidates aspiring for the offices throughout our great Commonwealth have all been invited to attend the 'Open Rally,' sponsored by the women at Tewksbury Town Hall on Monday evening, Oct. 10th at 8:30 p.m. Here is your chance to speak, and ask questions on the very many pertinent issues at hand. Town Committees of the surrounding areas are all informing their voters of this very worthwhile endeavor, telephone campaigns are being conducted to contact every citizen personally. Please plan to attend this meeting and go home a more informed and intelligent voter.

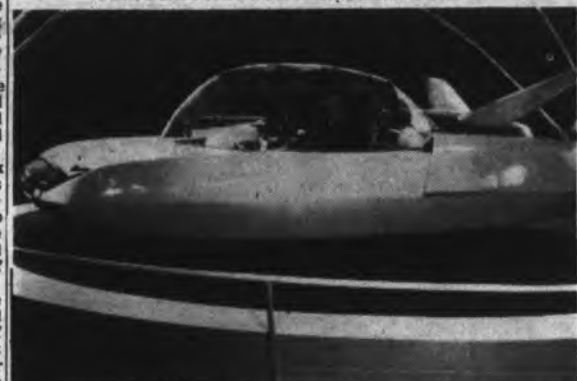

The annual house to house canvass drive for membership to be conducted by the Men's Club will take place next Sunday. If you should not be contacted, Mr. William O'Neill who is chairman of membership will accept your dues at Town Hall.

The Tewksbury Lions Club bulb sale was highly successful we were glad to hear. The local Lions do so much to aid any worthwhile cause in the community. Plans are well on the way for their annual Halloween Party to be held at the Billerica Rod and Gun Club on Oct. 22, under the chairmanship of Mr. Walter Deputat.

Town Meeting is over and saw the two articles to appoint a Jr. High School Committee and funds in the amount of 3,000 dollars for said committees use voted in. All else went along with almost routine nature except article seven which had to do with the much discussed relocation of the dump. Action that was taken on this as it stands may run into a technicality as in referral back to the Board of Health with two weeks to find a new site, also article ten which was definitely the most controversial on the ballot was defeated on Wednesday night but due to the action taken by a Mrs. Stetson of North Tewksbury where the proposed Shopping Center was to be located if the change of zoning had been carried, the voters found themselves without a quorum as the group in opposition left the hall and the meeting was adjourned until Friday night at 8. First action taken was a motion for reconsideration of article 10 which went down in defeat. Other action taken on article 19 which saw the Finance Committee recommendation of postponement until Annual town meeting accepted by the voters which action stopped a survey by a recognized public water service engineer to locate well sites and to provide necessary information which would have given our Industrial Commission a few answers. With the recent announcement by the State Dept. of Public Works that the Inter-State Highway construction would begin to bring new Inter-State highway 495 and if it had been approved, a little head start would have been given to our Water Dept. in turn our Industrial Commission would have the number 1 requirement for industry--adequate water supply--to offer industry.

Congratulations to Tewksbury High Football squad for their terrific game they played Saturday when they sent Burlington home defeated with the final score of 22 to 0.

The Annual Fair of the West Village Women's Club will be open to the public this year, for the first time. The Fair will take place on Oct. 11, from noon to 3 p.m., at the Old Parish Hall at the Union Congregational Church. Hand-made aprons, gifts and home cooked foods will be offered for sale and a snack bar will be serving delicious refreshments continuously.

A hearing will be held Thursday evening, Oct. 6, on the application of William Ryer for gasoline permit at the southeasterly corner of Haverhill and Park Streets. Hearing will be at 8:30 at Flint Memorial Hall in the evening.

The trailer remains on Park Street (near Rte #28) and so does the general mess that surrounds it. It's getting to the point where phrases such as "Tobacco Road", drift through the minds of passers-by.

The Selectmen were in conference with Mr. Washburn of the Board of Health and Mr. Canino, Town Counsel, concerning this matter Thursday night. Mr. Washburn stated that he has served a notice to abate the health hazard and that the owner of the trailer has told him that the trailer would be moved in three weeks. The Selectman Sands remarked to the effect that he was about out of patience, (and rightly so) but finally agreed, on advice of Town Counsel to wait a couple of weeks before ordering further legal action.

From the mood of the Board it seems evident that they will accept no more excuses when the two weeks have expired.

Sorry to hear Selectman Bill Doten is out of circulation temporarily following surgery at Melrose-Wakefield Hospital. He will certainly be missed by the "Thursday night club" for the next couple of weeks.

Two new residents of the Fairbanks Park Section were honored at welcoming coffees last week. Gould Street neighbors gathered at the home of Mrs. Kenneth Taylor, 9 Gould St., to welcome to the neighborhood Mrs. John Whatmough last Thursday morning.

Damon Street residents gathered at the home of Mrs. Beacom on Friday morning to welcome another new neighbor, Mrs. Frank Enos.

Very friendly gestures on the part of Mesdames Taylor and Beacom.

The last opportunity to register before the November elections will be on Friday, October 7 from noon to 10 p.m. at Town Hall.

The next meeting of the Mental Health Association of North Reading will be held on Wednesday, Oct. 19, at the home of Mrs. Gordon Morrissey, at 12 Anthony Rd. All interested townspeople are cordially invited to attend.

The members of the Association feel that the coming of a mental health clinic may happen sooner than was thought last spring. The North Reading group is working closely with the Eastern Middlesex Mental Health Association.

The Faith Circle of the Union Congregational Church plans a Halloween Coffee on the morning of October 27, from 9:30 to 11 in the New Hall. All mothers and preschool age children are invited, and the children are urged to come in costume. Prizes will be offered for the prettiest, funniest and most original costumes.

The Jr. Pilgrim Fellowship of the Union Congregational Church will begin its new season on Sunday evening, Oct. 2. All young people in Grades 7, 8 and 9 are welcome. Jr. P.F. is under the leadership of Mr. and Mrs. Theodore Hoople.

The case of the two men who broke into the local Moose Lodge #1511 a few weeks ago, was one of the last to be heard by Judge Nagel. He sentenced them in the morning and passed away that afternoon.

On October 15, the Trustees of the Union Congregational Church will sponsor a ham and bean supper in the New Parish Hall, at 6:30 p.m. Children will be served for half price and everybody is welcome.

Last call for volunteers to attend a Canteen course in mass feeding to be sponsored by the Red Cross. It is hoped that a few more will sign up for this course before the starting date is set. We can't overemphasize the importance of a Red Cross Canteen, ready and capable to aid in times of disaster, such as hurricanes, floods, etc.

If you can devote some time to this cause, please call the Red Cross Office days, RE-2-2975, or Mrs. Tower evenings, N.R.-4-3829.

The Olympic Games, first held in 776 B.C. were discontinued in 394 A.D. and not revived until 1896.

The Red Cross Bloodmobile will visit North Reading on Nov. 1, so make a circle on the calendar, and make up your mind to give blood if you can.

We hear the youth of the town (grades 9-12) turned out en masse for the dance sponsored by the North Reading Republican Youth Club Saturday night at the Town Hall. Spirits were high as the youngsters and many oldsters too, were jubilant over the smashing victory of the Hornets on the football field that afternoon. Well over two hundred were in attendance!

The Y.M.C.A. sponsored Pee-Wee Bowling League will roll off Oct. 15, at the Sunlight Alleys in Stoneham. There will be bowling for children ages 9-13 every Saturday from 1-3 p.m.

Those interested must register by Oct. 8, with Mrs. Ralph Plouff, at No. Reading 4-4163.

Moose Lodge #1511 will feature a roast beef supper Saturday night, dancing to the music of Angelo Gentile's Orchestra during and after dinner.

Tickets for the supper must be picked by 9 p.m. on Thursday.

Members of the Planning Board have all received subpoenas, and the Town has until Oct. 11 to get their answers ready to the bill of complaints filed by Parkside Realty, represented by Atty. David Nissenbaum. They were to have appeared in court at a prior date but the untimely death of Judge Nagel postponed the appearance.

The Planning Board refused to sign the subdivision plan to the Parkside Realty which owns 178 lots in the Oakdale Road section. These lots were bought up at various times, many of them as Tax Title property, and many of them are alleged to be sub-standard lots.

This case is expected to go to trial, as there is no previous criteria by which it could be settled.

Big Market For Autos

WASHINGTON — About one American family in six plans to buy a new or used car by next July, the Federal Reserve Board said Monday.

It said intentions to buy cars, washing machines, refrigerators and TV sets are running at the same level as a year ago.

The board drew these conclusions from a sample survey of 17,000 households made by the Census Bureau.

The bureau's sampling made in July showed that 16.5 per cent of all families planned to buy a car within 12 months, including 7.9 per cent who planned to buy within six months. Nearly half the buying-minded families reported they were dissatisfied with their present auto.

Nearly 4 per cent of the families planned to buy a refrigerator or TV set within six months and 5.8 per cent intended to buy a washing machine.

For these three appliances, as for cars, the percentages were not significantly different from those for July 1959, the board said.

Dents made in carpets by heavy furniture can be removed by filling the dents with cold water. Eight-hour soaking usually makes nap snap back.

Demo Club Grows

KENNEDY FOR PRESIDENT YOUTH CLUB MUSHROOMING

Area Organizer, Concey Bonfanti, has announced that the Kennedy For President Youth Club is mushrooming at a rapid pace, with meetings being held this week in North Reading, Reading, Stoneham, Wilmington, Lynnfield, Wakefield, Merrimac College, and a combined one for the Towns of Andover, Methuen and Lawrence.

The first North Reading meeting of the organization was held last week in the Banquet Room of Bonfanti's, with about 40 in attendance. It was announced that the organization would be a permanent one, not terminating at election time.

One of the first big events planned by the Club is an oratorical contest, open to all members. Government Bonds will be awarded as prizes, and the top winner will have the privilege of introducing Senator John F. Kennedy, at a ball to be held on election eve at Boston Gardens. GOLDEN WEDDING ANNIVERSARY

NORTH READING: History repeated itself Saturday afternoon as Mr. and Mrs. Hovey Eaton of Haverhill Street were honored at a reception in honor of their golden wedding anniversary, at the new Parish Hall of the Union Congregational Church. Just thirty-five years ago Mr. Eaton's father and mother, the late Mr. and Mrs. Walter Eaton, celebrated their golden jubilee in the old Parish Hall of the same church. As one of the earlier residents of North Reading, the Eaton family history is interwoven with the history of the Town.

Well over 200 friends and relatives of Mr. and Mrs. Hovey Eaton gathered together Saturday afternoon for the auspicious occasion. The Eaton's hearts were warmed by reunions with many friends they had not seen for years. Mrs. Hovey enjoyed particularly the reunions with many of the teachers with whom she taught in the late 1930's in East Longmeadow. Guests were present from Danvers and Hartford, Conn., Williamsburg, Va., Amesbury, (Mrs. Eaton's home town), Salem, Holyoke, Worcester, Melrose, Wakefield, and Lynnfield. Appropriate background music for the reception was furnished by Mrs. Albert Mathieson's string trio from Reading.

The happy couple received many gifts of gold, many monetary gifts, and numerous beautiful floral tributes. A buffet supper for over fifty relatives was served during the evening. The Eatons enjoyed a happy and very full 50 years of marriage, having conducted the Eaton Inn on Haverhill St., up until recently, and having traveled extensively over the years in the States, Europe, Canada, Mexico and Bermuda. Many local school teachers have resided at the Eaton Inn at one time or another, and many of them returned to North Reading Saturday to convey their best wishes to the couple.

Edward Brittingham, 4 Sunset Rd., Tewksbury, lessee of the Sunoco Service Station on Main St., (formerly Perry's) met with the Board of Selectmen Thursday night. Mr. Brittingham informed the Board that he would like to have the white engine taken out of the service station garage. He further stated that the other engine could remain provided the Town would agree to pay double the rent it has been paying, i.e., \$1200.00 per year instead of \$600.00 per year. No decision was made in the matter and the Selectmen requested that Mr. Brittingham send letters to the Selectman and the Fire Chief, stating the above mentioned facts.

Edward Brittingham, 4 Sunset Rd., Tewksbury, lessee of the Sunoco Service Station on Main St., (formerly Perry's) met with the Board of Selectmen Thursday night. Mr. Brittingham informed the Board that he would like to have the white engine taken out of the service station garage. He further stated that the other engine could remain provided the Town would agree to pay double the rent it has been paying, i.e., \$1200.00 per year instead of \$600.00 per year. No decision was made in the matter and the Selectmen requested that Mr. Brittingham send letters to the Selectman and the Fire Chief, stating the above mentioned facts.

RESIDENT DIES

LONG TIME RESIDENT DIES NORTH READING: Mamie B. Thompson Hoyt, wife of the late Herbert E. Hoyt, died Friday morning following a long illness. Mrs. Hoyt, a resident of North Reading for 39 years, lived on Meade Road. She was born Oct. 17, 1877, at Newton, N. H.

Among the survivors are four sons, Herbert E., of Florida; Nelson S. of Medford; Clifton E. of Stoneham; Alfred G. Sr. of North Reading, with whom she resided; and one daughter, Mrs. Marion Fagone of Lawrence; and 18 grandchildren and 21 great grand children.

Mrs. Hoyt was a member of the Ladies Auxiliary of American Legion Post #81 of North Reading. Funeral services were held Monday, Oct. 3, at 1:30 p.m., from the Groswell Funeral Home, 19 Bow St., and interment was at the Church St. Cemetery, Merrimac, Mass. Reverend Earton Robertson, Pastor of the First Baptist Church of No. Reading, officiated at the services.

C.D. REPORTS

NORTH READING: The North Reading Civil Defense, Joseph Washburn Jr., Director and Theodore F. Tarbox, Deputy Director, has issued a report on Civil Defense operations during Hurricane Donna.

The reports states that the Town was alerted by Area 1 at Topsfield at 4:30 a.m. on the day of the storm, and the Board of Selectmen, the Supt. of Schools, Board of Public Works, Police and Fire Chiefs, as well as communication personnel were notified. It further states that communication was established at Police Hdqrs., the Fire House, the Garage on Main St., where the other engine is housed, and the Public Works Dept., giving the Director complete communications with all departments.

Mr. Washburn makes the following recommendations in the report: That a generator of sufficient size be permanently installed in the Town Hall for instant operation and an intercom system be installed from the Chief's office to the Director's office.

That an Auxiliary Fire Dept. be formed as required by Civil Defense Act of 1949.

That Communications secure three more Gonssets so that each Public Works truck can be connected with Public Communications.

That a Gonsset which burned out after 14 hours of operation, being eight years old be replaced rather than repaired as repairs would cost \$71.00.

That the lock on the Communications Room door be changed, with only 2 keys available, one for the Director and one for the Police Dept., as five gallons of gas and 6 tubes were taken from the room after the hurricane.

That an antenna cable be purchased to replace the one destroyed by the hurricane.

That a sum be appropriated for expenses and remuneration of the Civil Defense when full days are given for this work.

In the concluding paragraph of the report Mr. Washburn extends thanks for the cooperation of all involved and states that the Civil Defense, as well as all Departments, is able to take care of every emergency that may exist.

Inflation has turned a lot of nest eggs into chicken feed.

Five Reading Memorial High School seniors have been named as National Merit Scholarship semi-finalists. Earning the honor through a competitive examination given last April were Sven J. Carlson, Sharon F. Dooley, Karen L. Hansen, Robert B. Weaver and Barbara L. Youtz.

On Dec. 3, 1960, the 5 will take the college board examination along with other semi-finalists. Winners will be awarded four year college scholarships.

Other semi-finalists from Reading Memorial High School in past years were Robert Petrucci, Bradford Perry-1959 and Richard Pierce, 1957.

A second organizational meeting for the Junior Chamber of Commerce will be held Tuesday, Oct. 11 at the Reading Community Center at 7:30 p.m. All men between ages of 21 and 35 are invited to attend.

Inspector William H. Dewsnap will seek action on 3 articles at the special town meeting scheduled for Oct. 24, all dealing with a salary dispute with the Board of Selectmen.

The petitions were disclosed at the Monday night session of the Board. Previously both police chief Roland E. Ellis and the Inspector had been requested to appear before the selectmen Oct. 10 relative to the salary issue.

The Inspector seeks town meeting action to amend the salary and wage schedule increasing the present maximum of \$95 for his classification to \$100. He also asks a salary increase retroactive to April 1, 1960, when all other police and fire personnel received an increase, and an appropriation or transfer of funds to the police department salaries.

Neither protest nor recommendation on the salary issue had been forthcoming from the police chief until last week when he recommended the \$5.00 increase retroactively.

The committee named to study the personnel needs of the Board of Selectmen, may or may not publicize its report prior to the special town meeting scheduled for Oct. 24.

In session Monday night, Chairman Ernest E. Brown termed the report 'confidential' but agreed to defer to the opinion of Town Moderator Kenneth C. Latham in releasing the findings of his committee.

An article dealing with an increase in membership from 3 men to 5 and another proposing the classification of administrative assistant provided lively debate at the Annual Town Meeting.

Two town meeting members present favored previous release citing the need for deliberation prior to reaching a decision at the special meeting.

IRATE CITIZEN

MEETS SELECTMEN

Wilmington: A citizen from Forrest Rd., appeared before the Board of Selectmen on Monday to protest the fact that no adjustment had been made in her tax bill, which under the GI bill was payable on October 1.

It was stated that a twenty-five hundred dollar increase had been placed on the property over last year and that nothing has been done to warrant this. The board was told that Mr. Webber (our principal assessor) stated he felt a mistake had been made and it would be taken care of when he returned from vacation.

Unfortunately, Mr. Webber was taken ill before his vacation was over and has been hospitalized for some time, thus the question hangs in air.

The property owner was asked by bank officials whether or not our town has only one man capable of assessing property or making adjustments. Our selectmen told our Wilmingtonite to retaliate by stating that bank presidents should not attempt to manipulate town business. All of which helped the complainant to arrive exactly nowhere with a problem they have been wrestling since August.

In the event that Mr. Webber is not well enough to re-visit the property prior to November 1, Mr. and Mrs. Taxpayer will be required to "come up with" a goodly sum in excess of that which had been anticipated by them. Of course, they may later file for an abatement.

Perhaps it would be nice to have more than one individual capable of handling such an important position as that of Principal Assessor.

crease over the value of the land if the people will vote the necessary rezoning from the present single residence to general business.

Mr. Elia presented the board with a petition containing the appropriate number of signatures and stated that he hoped to enter his rezoning article in the next special town meeting.

The town stands to gain an in-

crease over the value of the land if the people will vote the necessary rezoning from the present single residence to general business.

Mr. Elia stated that he feels the new commercial development will not injure any presently existing business as it will draw most of its customers from Reading and via route 93 from other surrounding towns. He also feels that it should raise the value of surrounding property, more perhaps than the construction of the approximate twenty thousand dollar homes for which the area is presently zoned.

Wilmington Mail Volume Increases

Wilmington has changed in the following manner: 2 Government trucks enabling mail delivery coverage to many new sections.

Today, 85 per cent of the vast postal vehicle fleet - operating under a modernization and improvement program initiated in 1954 - is composed largely of new types of standard, commercial, light-weight, maneuverable vehicles. This conversion, he noted, has meant the "retirement" of worn out units - many in use for ten years or more - which, in turn, has greatly reduced maintenance costs for the Postal Service.

Described as a vital part of this program which was launched approximately seven years ago under the direction of Postmaster General Arthur E. Summerfield, vehicle unit purchases during fiscal year 1960 amounted to more than 8,500 as compared with 115 similar purchases during fiscal year 1953.

"The motor vehicle inventory on June 30, 1953, was 18,969," Postmaster Henry Porter said, "and although the 1960 statistics are not yet in final form, it is estimated that more than 34,000 new vehicles have been purchased since fiscal year 1954 and that with the 'retirement' of old vehicles the inventory total on June 30 of this year was just a little under 37,000 vehicles."

"Still another development of vital importance in connection with motor vehicle service is the fact that 119 new maintenance facilities have been constructed since January, 1953, to service this fleet. Ten more were under construction on June 30 and 25 more are now in the planning stage."

"Other figures in the preliminary 1960 report reveal that the post offices which now have motor vehicle service available total more than 3,600 while the corresponding figure for fiscal year 1953 was 1,969."

Although the releases were distributed Sept. 29, at this writing none of them had been signed.

Some of the residents now feel that the Town should install Town water, at a cost of approximately \$6,000.00, instead of wells at an approximate cost of \$1,200.00. The Board reminded the residents that the Town does not pay for water on unaccepted street (R.R. Ave. is a private way) and that even if it did right of way into R.R. Ave. would have to go over privately owned property.

Nothing was actually accomplished by the meeting, but Selectmen Sands told the group that they could insert an article in the Annual Town Meeting in March, requesting water, if they cared to be without water until then. However, the selectmen unanimously informed them that they didn't feel that the Article would stand a chance.

SELECTMEN DENY SPECIAL TOWN MEETING REQUEST

Wilmington: Due to the fact that there are still some questions in their minds regarding the new intermediate school, proposed for North Wilmington, members of the Board of Selectmen on Monday evening denied the petition of the Permanent Building Committee for a special town meeting date.

It is felt that there are still many points left to be clarified

(in spite of numerous joint meetings) and that a meeting of the various boards concerned should be called for Wednesday evening, October 19.

It is not clear to many just what the seventy-five thousand dollars for site improvement entails. Whether it is proposed for additional land for one school or for the installation, in the future of a second school has not, according

to several selectmen been definitely stated.

A citizens committee in the area has stated its willingness to appear at any meeting to oppose the issue. They are not satisfied with the location of the building on the site, feeling that with 12 acres of open land, there is no need to place the structure in such close proximity to the sidewalk or to the homes of abutters.

LOST AND FOUND

NORTH READING:

At 10:50 a.m. on Oct. 7, 2-1/2 year old Danny Bugley of Bliss Road, was reported lost. Sgts. Hurst and Groswell and Officers Owen, Berridge, and Apertti, along with Acting Fire Chief Sweetland and Firefighter Smith and Lt. Orben of the Fire Dept. set out to comb the surrounding territory.

At 11:55 Danny was located by Officer Owen in the yard of the Paddockford home, at 43 Central St. He had wandered through the fields between Oakland Road and Central St. The Paddockfords, unaware that he was lost, thought he was a neighborhood child.

Danny was returned, safe and unharmed, to his relieved mother.

Football and Foliage

Football holds sway in North Reading and standard equipment in every home (or at least those with built in teen-agers) seems to be a variety of green and gold objects, i.e., shakers, large badges, megaphones, beanies, etc. However, looking around town it becomes obvious that the pride and excitement is not confined to those of school age, for the record that the Hornets are chalking up seems to have chest of all ages swelling with pride. With Saturday's victory over the team's most formidable opponent the smoldering flame of fervor burst into a blaze of exaltation.

This correspondent must confess, however, to not being a bona fide, died-in-the-wool, football fan.

In fact, the most interesting aspect of the sport from this writer's point of view is the color and aura of excitement it evokes. While writing a blow by blow account of the game, would be considered a real chore, describing the setting of the sport makes said writer's veins swell with adverbs and adjectives.

The riot of color, a pulse quickening sight in itself, was doubly impressive under Saturday's brilliant blue skies and backdrop of fall foliage smeared by nature's paintbrush in shades of red and gold. Just as the foliage was at its height, so, apparently, were the Hornets and their rooters. The cheers were positively thundering; the instruments of the natty attired band vied with the sun to dazzle spectators; and the green and gold of the North Reading players and cheerleaders, together with the orange and black of the Ipswich Tigers, splashed the field with color.

Incidentally, the Hornets received quite a mention on WEEI's Schoolboy Football Program Saturday night, not only for breaking the Tiger's winning streak, but because of the unusual coincidence of the 20-0 score for three consecutive games, and the fact that Bill Cotter has made all nine T.D.'s scored this season.

To The Editor

Open letter to the Town people of North Reading.

In this very paper published for the week of October 5, 1960 there appeared a writeup concerning the Fire Engine rent being doubled. This is true, I have appeared before the selectman to request an increase in rent. Not in any way was the fact mentioned that the engine would have to be removed otherwise.

I wish it known their has not been any formal letter sent out as yet.

The bay in which it is parked is an inspection bay and will hold 5-6 cars for work, it is also heated. I do not wish to overtax the people of the town. If their is sufficient business to offset this request, I would be very happy to leave things stand as they are. Being a new man in town, Kennedy Youth Club, at the Town Hall in North Reading.

I have expressed my feelings on this situation to the retired Fire Chief and the newly appointed Mr. Sweetland, so as to avoid any misunderstanding or ill feelings in this matter.

Respectfully submitted by

POLLY NUNES

Those of you with children in school have probably heard how the schools are observing National Fire Prevention Week. Let's do our part by checking our homes for possible fire hazards.

Speaking of Fire Prevention, the Annual Firemen's Ball, held Friday night at the Hillview Country Club, was a grand success, with the usual 'good time had by all'.

Joseph Washburn Jr., Director of Civil Defense, has started a series of instructions in Civil Defense for the Senior Girl Scouts of the town.

Great interest is expected in the Red Cross Home Nursing course, which will start Oct. 18, on Tuesdays and Thursdays from 7:30 to 9:30 p.m. for 3 1/2 weeks at the New England Sanitarium. This free course, instructed by student nurses, will be limited to 14, so that individual instruction may be received by class members. Those interested should call Re-2-1975 as soon as possible.

We hear that the Grant property, 1 Chestnut Street known as the old Fitch House, is being restored.

The Democratic Town Comm., under the chairmanship of Danny Duggan, has opened Democratic Headquarters on Main St., in what was formerly Rhind Bros. Store. Democratic Hdqtr. will be opened evenings 7-9:30 and literature, bumper stickers, etc. will be available there. Anyone interested may volunteer as party workers at headquarters.

Mr. Duggan has also announced that he has free tickets for the State Democratic Comm. sponsored reception for Senator Kennedy to be held Nov. 7, at Boston Garden. For as long as they last tickets may be obtained by calling Mr. Duggan at 4-3219 after 7:30 p.m.

North Reading: The North Reading Selectmen spent a relatively quiet evening Thursday, in comparison with the previous week's moving about from their regular meeting spot to Weeks Memorial Library, then to Flint Memorial Hall and back to the Welfare Office. Their only excursion this week was to Flint Memorial Hall at 8:30 for the hearing on the Ryer application for gasoline permits.

Present Thursday were Chairman Sands, and Selectmen Statuti, Ryan and MacRae. Selectman Doten is still recuperating from recent surgery. The Board met with Building Inspector Albert E. Slade who reported that Benevento is not working any where in North Reading; that Drinkwater is not working on Haverhill Street; and that the Pond Club has done nothing further on their repairs since his last report, but that they were supposed to start working tomorrow morning (Friday). He further stated that a water problem had held up work on the under supports of the building.

Mr. Slade also stated that he was preparing a map, showing all dirt piles etc. on the Drinkwater land, who complained that Carl Bigham was storing loam at the end of Bigham Road and gradually moving it with heavy equipment. They felt that the heavy equipment being used was a traffic hazard. The three men stated further that they had spoken to Mr. Bigham in regards to this matter, but had received no satisfaction. As a result of this conference Selectman Statuti made a motion that the Building Inspector be instructed to make a complete investigation of the situation and report his findings in writing to the Board of Selectmen next Thursday night. The motion was seconded by Selectman Ryan and voted unanimously.

The Board met with Town Clerk Ruth Sullivan in regards to their coming elections. John Hoy, Wire Inspector, reported to the Board that a new booklet would be published containing plumbing and wiring rules and regulations, as this was voted at the annual Town Meeting. A motion was made by Selectman Ryan, seconded by Selectman Statuti, and voted unanimously, that Mrs. Ester Zeimetz be appointed to

The Board was in conference with Town Accountant Harry Jones, with the result that several sums of money from old accounts were added to Surplus Revenue, among them \$900.00 left in the Ipswich River Account. The question was raised as to whether this money could be used to help defray the cost of wells on Railroad Ave., but the Town Accountant stated that this could not be done.

The ball took place at Villanova Hall and Angelo Gentile's Orchestra which was appearing in Wilmington for the first time, played for the pleasure of over three-hundred dancers, none of whom left until the music stopped.

The ladies door prize was awarded to Miss Jackie Van Laethem of Reading while the door prize offered to the gentlemen went to Norman MacEachern of Wilmington.

Other special prizes included Savings Bonds. First prize, a one hundred dollar bond was won by Ross McGrath of N. Weymouth. Second prize, a fifty dollar bond was awarded to Eddie White of Wilmington and third prize, a twenty-five dollar bond went to L.C. Ayers of N. Randolph.

WILMINGTON BRIDGE DISCUSSED

Wilmington: At a joint meeting of members of the school committee, the board of selectmen and the town manager held last Tuesday evening to discuss the Nichols St. Bridge problem, Nick DeFelice proposed to cut down the bridge and make a grade crossing.

Parents in the area are concerned with the danger to their children crossing the bridge on their way to and from the school bus stop.

It has been stated that school buses cannot cross the bridge due to insurance restrictions, but a remark was made regarding the fact that much heavier fire trucks have been supported by the structure for years.

Wilmington: The executive board of the Wilmington Republican Town Committee met at the headquarters last night, Friday evening. It was voted to hold a coffee party in honor of Bradford Morse, Lowell Mass, candidate for congress to replace the late Con MacFeeley.

The event will be conducted on Thursday evening, October 13, beginning at 7:30 at the committee meeting at the headquarters in Wilmington Center. The committee in charge includes: Mrs. Mary Murphy, chairman; Miss Helen Reynolds and Miss Patricia MacFeeley.

Everyone is invited to attend and meet Mr. Morse. Please come.

DAV Hi-Lites

DAV and war-time veterans everywhere have lost a friend in Congresswoman, Edith Norse Rogers who died in Boston on Sept. 10. The distinguished congresswoman from Mass. served on Capitol Hill for 35 years and dedicated a great part of her time and effort fighting for rights of veterans of our nation's wars. When economy blocks, pressure groups and budget bureau officials aimed their periodic barrages at bene-

fits legally granted to veterans, Mrs. Rogers was always in the vanguard battling to preserve the hard won victories of the war-time disabled. Throughout the years she continued to author and introduce new legislation for reasonable and merited increases in veterans benefit compensation with steadily rising cost of living. The war-time disabled veterans will never have a more courageous able and

devoted advocate than Mrs. Rogers. She will be sadly missed and long remembered.

During the coming year and all the years to come, the DAV will have to fight to preserve the present benefits and promote the future interest of war disabled veterans in America. We can only accomplish our aims and proposals through our membership ranks so let's step up the pace and get the coming year off with a smash.

The next regular meeting of the local DAV Chapter will be held on Wednesday evening, October 19 at headquarters on Grove Ave.

Past Commander James Shine and Junior Vice Commander, James Simpson attended the District Four meeting which was held recently in Haverhill.

Campfire Girls Double Membership

NORTH READING: The first fall meeting of the Campfire Girls Leaders-Sponsors Assoc. was held at the home of Mrs. Theodore Bunnell. Present were District Director Mrs. Ruth Rettinger, District Committee Members, Mrs. Lydia Campbell, Mrs. Joan Crawford and Mrs. Doris Tobey, as well as 23 leaders, assistant leaders and sponsors.

The Association will start having separate meetings for Bluebird and Campfire leaders, with occasional joint meetings.

All Bluebird and Campfire news items are to be cleared through Publicity Chairman, Mrs. Ruth Clark. Leaders and scribes of individual groups are requested to mail news to Mrs. Clark.

On Nov. 2 a Campfire Girls Stamp and First Day Cover will be issued by the Postmaster General in New York, commemorating 50 years of Campfire. Anyone interested in receiving the stamp may contact Mrs. Lydia Campbell, Bow St.

The Annual Campfire Candy Sale will be held from Dec. 2 to 12, with high expectations that last year's sale will be topped.

A training course for Bluebird and Campfire leaders will be held October 4, 11, 18, and 25 at the Union Congregational Church in North Reading, from 9:30 a.m. to 2:30 p.m. each day. There will be a slight fee to cover the cost of morning and luncheon coffee, and training materials. Baby sitting services have been arranged.

There will be a meeting Oct. 19 for delegates to the N.Y. Convention on Oct. 30. District Director Ruth Rettinger has announced that North Reading has doubled its membership, with a total of 313 registered Campfire Girls and Bluebirds.

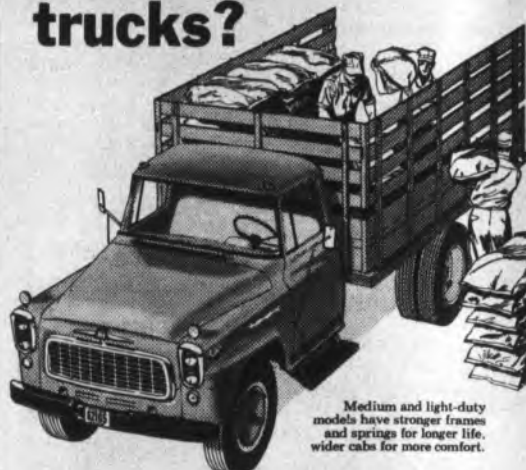

The next Association meeting will be held in November at the home of Mrs. Jean Mentus, 18 Cedar St.

Refreshments for the first meeting were provided by Mesdames Eleanor Hudson, Esther Zeimet, Alice Phillips and Doris Dennis.

NAM Leader Says Tax Rate Reform Is Possible Now

America can have income
tax rate reform this year, if
the people speak up for it,
Stanley C. Hope, Chairman
of the Board of the National
Association of Manufactur-
ers, told a Los Angeles audi-
ence.

Mr. Hope pointed out that
the need for economic growth
is widely recognized, and that
almost as widely recognized
is the fact that tax rates
set too high interfere with
growth.

"But when the Government
is in the red, we are told that
tax reform is out of the ques-
tion," Mr. Hope said. "When
it is in the black we are told
to be patient, and maybe
someday, in the years to come
when we have fallen hope-
lessly behind in world com-
petition we may see some
adjustment of a situation
everybody agrees needs at-
tention right now."

"Today there is really one
obstacle to overcome, and
that is inertia."

Mr. Hope itemized the fac-
tors favorable to tax reform
in the form of the Herlong-
Baker bill, now pending in
the House Ways and Means
Committee:

1. The bill is a complete,
not piecemeal, program and
lengthy hearings already
have been held.
2. The Herlong-Baker bill
enjoys wide bi-partisan sup-
port.
3. There is little challenge
to the merit of the bill.
4. The bill can win wide
public support, because it
does not shift tax burdens,
from one segment of the tax-
paying public to another, but
lessens everyone's tax burden.
5. The bill would raise
more, not less, revenue for
the Federal Government by
stimulating business, and so
providing more income to be
taxed.

Mr. Hope called attention
to the President's budget,

with its surplus of over \$4
billion, which would be suf-
ficient to take care of the first
year of revenue loss. He
pointed out that this would
retire a little over one per
cent of the huge national
debt, but used for tax reform
would assure larger Federal
surpluses that would allow
really significant debt retire-
ment, beginning in fiscal 1962.

"We have proved several
times," Mr. Hope commented,
"that a reduction in high tax
rates is reflected almost im-
mediately in growing tax re-
venue to the Federal treasury."

In a serious vein....the Board of Selectmen have been accused of 'denying the right of free assembly.' In Defense of the Selectmen, since this correspondent has many times spoken in opposition when it was felt that they were in the wrong, Legion Hall has been 'rented' to many groups. However, the No. Reading Improvement League offered no rent to the Legion. The N.R.I.L. was 'given' the use of the hall on two different occasions. It has been the custom to allow various organizations to use said hall once a year free of charge. The recent refusal of the N.R.I.L. is not the only time use of the hall has been denied. A request for use of said hall was recently received from a Mrs. Eleanor Madison, who offered no explanation as to the purpose for which she intended to use the hall. The Board wrote a letter asking for particulars, and, as they received none, the request was not granted.

It is the responsibility of the Selectmen to look after the Town's interests. Who can sincerely say that the Selectmen would be doing their best job of protecting those interests if, as Selectman Doten put it, 'they allowed free use of Legion Hall to a group of citizens trying to deprive another group of citizens of the right to earn their livelihood.'

The word 'tolerance' has become rather hackneyed of late, and one begins to expect the word 'religious' to precede the word 'tolerance.' Let's

try to remember that the word 'tolerance' need not be preceded by the word 'religious' to have a complete meaning of its own. Webster defines tolerance as 'The act of tolerating beliefs, practices or habits differing from one's own.'

Registrations for State University Extension classes to be held at North Reading High School will be open through Friday, Oct. 14. Registrations will be accepted by telephone at the office of the superintendent, 4-4348 or by writing Mr. James Lazenby, Director, N. R. High School, N. Reading, Mass. Applicants are requested to give name, address, telephone number and course desired.

The following courses are offered with a nominal tuition fee: English for Business; Vocational Building; Interior Home Decoration; Slide Rule and its use; International Affairs; Preparation of Income Tax Returns and Algebra I.

If the next item had a title, a fitting caption would be BROUGHT BACK BY POPULAR DEMAND Nicholas J. Piumara, M.D.; M.P.H.; F.A.P.H.A., presently a director with the Mass. Dept. of Public Health will speak at the North St. School PTA meeting on Wednesday, Oct. 19 at the North Street School.

Dr. Piumara was so well received last year that the PTA has extended an invitation to all interested townspeople to come to hear his talk on the 'Development of a child.' A rare opportunity to hear Dr. Piumara, author of several books, is offered the residents of the town, as this will be his only appearance in this area.

Mr. and Mrs. Richard K. Evans who recently moved from town to take up residence in Rhode Island, are the proud parents of a brand new baby girl.

Our sincere sympathy is extended to Charles Plantaga on the recent death of his father.

There has been a change in the regularly scheduled meeting of the North Reading Mental Health Assoc. Instead of meeting at 8 p.m. in the home of a member, the group will attend the North Street PTA meeting, Wednesday Oct. 19, at 8 p.m. to hear Dr. Nicholas Piumara. Following Dr. Piumara's talk, the Mental Health group will adjourn to the teacher's lounge for an open meeting, where they will be addressed by Rev. John R. Lizio of St. Theresa's Church. Both of the above mentioned meetings are open to the public.

A note of irony....since the townspeople voted out the Selectmen's salaries they have been meeting in the Welfare Office.

About 200 youngsters of high school age, in high spirits after Saturdays football victory, attended the YMCA Canten dance, held at Grange Hall Saturday evening.

Acting as chaperones and checking in youngsters were Mr. and Mrs. Phillip Sewal and Mr. and Mrs. Ralph Plouf, Mr. Lester Levy was in charge of the group and Mr. William McKendry was present representing the Grange. The 'Y' extended its appreciation to the Grange for the use of the hall.

There will be another high school 'Y' Canteen this Saturday evening at Grange Hall.

The YMCA Board meeting will be held Thursday evening at the home of Mr. and Mrs. Phillip Sewal on Bow Street.

Eastern Star has announced a number of plans for the coming season, among them a Turkey Whist to be held Nov. 22, 8 p.m. at the Batchelder School. Blanch Ryer, chairman, announces that a turkey dinner and a turkey will be raffled off, and many food prizes will be awarded. Tickets will be 75¢.

Eastern Star will also hold a Dutch Maid party on Oct. 28, at the home of Mrs. George Maynard, Marblehead St., at 8.

The biggest event of the season will, as usual, be the Christmas Ball, to be held on Friday, Dec. 9, at the Hillview Country Club, with the public welcome.

'Buy lights to save Sight,' will be the slogan of the local Lions Club when they conduct their annual house to house sale of light bulbs on Sunday, Oct. 16. Proceeds from this worthy endeavor go entirely into eye research.

The Conservation Commission met Oct. 6 at the home of Mrs. Fred Rex. Present were Mrs. Howard Davis, Samuel Abbott and Mrs. Rex. Robert Equi, the other members of the Comm. expects to be out of town for a few weeks and so he has been working on a mapping project.

During the course of the meeting a report was given on the Comm.'s meeting with Earl Donle of the Youth Center Committee; and plans to meet with the Board of Health and the Board of Public Works were worked out.

So glad to hear that 3 year old Dick Lawson, son of Mr. and Mrs. Theodore Lawson, Gould St., left Melrose Hospital Tuesday to further recuperate at home. Dick suffering from a broken leg, has just finished up a six weeks session of having both legs in traction.

About 25 per cent of the some 850 new voters who registered in the last period were recorded in the last five hours that registration was opened Friday night.

No definite figures are available but it is estimated that the new total added to the approximate tally of 9,367 last August, will top 10,000 registered voters eligible to cast ballots in the presidential election.

Approximately 200 have requested absentee ballots.

The owners of 10 agencies providing private pre-school day care for an enrollment of some 300 youngsters have met to determine a future course of action that will permit them to continue operations.

Enforcement of a year old amendment to a state law covering exits and means of fire prevention for children's day care agencies may compel them to close their doors, a spokesman for the group indicated.

One 14 year old establishment announced Friday that they would cease operating December 9. Thirty youngsters were enrolled.

Prohibitive costs necessary to meet the regulations as set forth by building inspectors of Reading, Stoneham, Melrose, and Wakefield, may result in terminating pre-school care in the town. There is no public kindergarten system here.

A former North Reading teacher, John R. Burns, 25 Cherry Lane drive, Reading, entered the local system Monday where he will teach an experimental sixth grade class. Mr. Burns, a graduate of Boston

University, was appointed by the Reading School committee September 26 while he was under contract to the North Reading system.

Whether or not the experimental "team teaching" method will continue under the new teacher has not been determined.

The three man committee studying the needs of the Board of Selectmen have not decided whether or not to release its report prior to the special town meeting October 24. The final decision will rest with Town Moderator Kenneth C. Latham, who appointed the committee.

The committee met in an open session October 2, but all the members expressed a desire to write their report in private.

Ernest G. Brown is the chairman.

READING - The alleged salary dispute between the board of selectmen and Patrolman Inspector William H. Dewsnap fizzled into apparent nothingness at a meeting between the parties together with Police Chief Roland E. Ellis and Atty. Ernest L. Nigro, representing Dewsnap.

The discussion was in an executive session Monday night in accordance with the request of the patrolman and the chief. The selectmen called the meeting two weeks ago after Dewsnap indicated he would take the issue to the town meeting floor.

He made good his threat when he circulated three petitions resulting in three articles on the warrant for the special town meeting October 24. He seeks an increase in the maximum rate for his classification from \$95 to \$100, a salary increase of \$5 retroactive to April, 1960, and funds for the police salaries account.

The patrolman-inspector was the only exception to wage

increases in the police department last year. It is alleged that Chief Ellis included an increase for the patrolman-inspector in his budget, which was later removed by the board of selectmen. No previous support from the Chief had been forthcoming until two weeks ago.

Representatives of both factions were vocal in their admiration for the conduct of the meeting.

Selectman Chairman Lawrence Drew advised that the salary issue would be reconsidered in the light of their presentation. He stated further that they presented their case very nicely and that it was a very nice discussion. There were "no recriminations" he elaborated, "they just explained why they asked for a raise."

"Very good meeting" he concluded. Atty. Nigro was even more enthusiastic when he commented that it was very satisfactory meeting. The board was very courteous, counsel affirmed. "We are sure everyone will be very happy," Atty. Nigro remarked.

Girl Scout Troop 135, sponsored by the S.T.B.A. entertained the membership at their annual meeting held last Wednesday night at the hall, by their renditions, of several well known songs. The result of the election of officers at the Betterment was Pres. Mr. Joseph Whelan; Vice-Pres. Mrs. Edward Davis, Sec. Mrs. Edward Murphy; Treas. Mrs. Lillian Blaquiere. Board of Directors consist of Mr. Joseph Whelan, Mrs. Edward Davis, Mrs. Edward Murphy, Mrs. Clara Englert, Mrs. Lester Proverb, Mrs. Lillian Clark, Mrs. James Love, Mrs. Joseph Wade and Mr. George O'Connell.

A surprise party was held at the home of Miss Joyce Richey of Main St., in honor of the 17th birthday of popular Clem Connors, co-captain of Tewksbury's football squad. With over 70 guests in attendance needless to say the affair was a huge success with the guest of honor receiving many gifts.

Mr. Paul S. Gendron, president of the Lowell Pharmaceutical Association and Mr. Roland LaPorte presented to the Tewksbury Board of Selectmen a metal basket type litter to be used by our local Civil Defense. Mr. Edward Turowsky, Civil Defense director and Mr. Warren Ray, Deputy C.D. Director were in attendance when Chairman Joseph J. Whelan of the Board of Selectmen accepted the gift to the Town which in the future will prove its value in its life saving performance. This presentation was made in observance of National Pharmaceutical Week.

Tragedy struck very close to home recently when the official word was given that Leroy Noyes Jr. of South St., was a passenger aboard the ill-fated craft that crashed on take-off at the Logan International Airport recently. Leroy, son of Mr. and Mrs. Leroy Noyes Sr., was a graduate of the first graduation class of the new Tewksbury Memorial High School. Sympathy of the entire town is extended to the Noyes family.

National Fire Prevention Week was observed this past week at the Shawheen School under the direction of Prin. Mr. Edward Pellitter and local fire fighters. Capt. Fred Willett of the Tewksbury Fire Dept. addressed the pupils and brought the points home very forcefully that fire is a very dangerous thing and that you are never too young to learn the rules of prevention.

The Women Voters of Tewksbury will meet at 7:30 p.m. on Thursday, Oct. 13, at Town Hall. Please note the change of time, which is being made to insure all members the opportunity to hear the Kennedy-Nixon debate. All women of voting age in town are cordially invited to attend this meeting.

A highly successful candidates night was carried out under the sponsorship of the Women Voters of Tewksbury on Monday evening at Town Hall. Present in formal address and in an open forum that followed, were candidates aspiring to National, State and Regional Offices. The committee which served under the direction of Mrs. Rose Connors and Mrs. Helen Wade deserve much credit for the undertaking which was hailed as the pioneer movement to wake up the voters apathy. With the eyes of the world upon the coming election, no American has the right to sit back without interest. This was the first real project to be attempted by this newly organized group and many tips of the hat were given to the girls for a job well done.

BARRY-GOULD NUPTIALS

Wilmington: On Saturday, October 8, Judith Ann Gould, daughter of Mr. and Mrs. John L. Gould of 12 Oakridge Circle, became the bride of Manuel Joseph Barry, Jr. son of Mr. and Mrs. Manuel J. Barry of New Ipswich, N. H. The altar of St. Thomas Church was adorned with white Chrysanthemums for the Nuptial Mass celebrated by Father Francis Mackin at 11 a.m. Claire Sytek served as soloist and Mrs. Estelle Shelley as organist.

The bride, given in marriage by her father was lovely in a gown of exquisite Chantilly lace over lustrous satin. The floor-length gown was styled with a slimly fitted bodice, long tapered sleeves and a scalloped neckline embroidered with seed pearls and tiny iridescent sequins. The full skirt, poised over tiered net petticoats combined lace and illusion in a paneled effect with bands of lace with a delicately applied flower motif. A coronet of pearls held her fingertip veil of illusion and she carried a prayer book covered with orchids and Stephanotis.

Mrs. Mary Ann Tufts of Woburn, a close friend of the bride, served as matron-of-honor in a gown of shrimp velvet and taffeta with matching accessories. She carried a colonial basket of shrimp and white daisy poms and peach blossom roses with green satin streamers.

Serving as bridesmaids were: Miss Elizabeth Barry of New Ipswich, N.H., sister of the groom; Miss Catherine Shea of Cambridge, cousin of the groom and Miss Joanne Freda of Medford, a close friend of the bride.

The bridesmaids were attired in emerald green velvet and taffeta gowns styled similar to the one worn by the matron-of-honor with matching accessories. They also carried similar colonial baskets.

Russell J. Gould of Oakridge Circle, brother of the bride served as best man while Donald Shea of Cambridge, cousin of the groom and Frank Hall and James Donahue of Wilmington, close friends of the groom acted as ushers.

Following the ceremony, a reception was held at the Oxford Club at Lynn, where the guest book was in charge of Mrs. Russell J. Gould, sister-in-law of the bride. Mrs. Gould chose a black velvet dress with white lace and white accessories. She wore a corsage of red roses.

The mother of the bride was attired in a shapshure blue silk sheath dress with matching accessories while the mother of the groom chose a beige silk sheath dress with a flowered hat and matching shoes.

For traveling, the new Mrs. Barry wore a tweed suit with green accessories and a white orchid corsage.

The wedding trip will include a tour of the country and Canada from N.H. to California.

The bride graduated from Wilmington High School with the class of 1958 and is now employed at Paul Burrage Inc., in Boston.

PROGRESS REPORT To members and Friends of INDIAN RIDGE Country Club

Construction work on the newest "family-styled" country club in the Boston area has gotten well under way...with a battery of bulldozers and earth moving machinery rapidly clearing the way for the completion of the challenging 18 hole golf course and additional Par 3 nine hole course, which have been designed by golf architect Geoffrey Cornish, and are being developed under the supervision of Indian Ridge's Director of Golf, SAM SNEAD.

Farm work on the three swimming pools is complete, with only the finishing touches needed for the June 1 opening...while the final drawings are being processed for the luxury clubhouse that will have a dining/ballroom for 1000; three lounges; grill; meeting rooms for private parties; and shower and locker facilities for men and women.

A limited number of memberships are still available at the Pre-Opening offering. All memberships are full family participating, and provide the free use of all facilities. In addition, each membership is transferable. REGULAR MEMBERSHIPS (carrying monthly dues of \$16) are \$450. CHARTER MEMBERSHIPS (carrying a semi-annual maintenance fee of \$25) are \$1320.
